MENAGERIES OF MATHEMATICS: Strategies for Middle School Classrooms with Diverse Learners

If your classroom is a collection of students with widely varying sets of skills, experiences, and challenges, you need a well-stocked toolbox of strategies. Come refine old tools and build new ones to help make mathematics accessible to all.

Topics include:

- Operating within the Multi-tiered Systems of Support (UMTSS)
- Differentiating tasks such as Tilted Squares and Equation Solving
- Implementing evidence-based instructional practices for mathematics understanding

When: Saturday, May 11, 8:30 a.m. to 4:00 p.m.
Where: Sorensen Arts and Education Building (SAEC), University of Utah, Room 2151
Taught by: Dr. Linda Sorensen, Urban Institute for Teacher Education, Adjunct Instructor
            Malynda Tolbert, M.Ed., Department of Special Education, Graduate Assistant
Credit: 0.5 AOEC credit or 7 license renewal points
Cost: No Cost to Participants (lunch and materials provided)
Sponsored by: Urban Institute for Teacher Education (UITE) and Department of Special Education in the College of Education, University of Utah

Registration opens April 1, 2019.
